

Sponsor a Room at Warren Residences.

Background:

St Francis Center has developed Warren Church into 48 units of supportive housing, Warren Residences, for very low-income individuals, (those making less than 30 % of the area medium income) who are experiencing homelessness. This project will prioritize people who are working or are ready to work. Warren Residences is unique in that we are combining affordable housing with services targeted to working individuals experiencing homelessness, some of who may have disabilities. Our collaborative effort is to not only stabilize the individual lives, but to impact the larger community by decreasing the strain on the shelter system. In addition it provides an option for people wanting to move to self-sufficiency.

Each resident will have their own unit, Single Room Occupancy, with shared communal kitchen and bathrooms.

Single Rooms:

Each room will be furnished with a built in cabinet/closet. Residents will have a small dorm size refrigerator and a microwave if they choose. In addition, either a twin XL or full-size bed, nightstand, chair, and lamp will all be furnished in each room.

- Sheets
- Blankets
- Pillows
- Microwave
- Bed bug mattress covers
- Under bed storage containers

**Your gift brings someone home...
\$1,300 furnishes one housing unit!**
